## About NRIVA

**The Non-Resident Indian Vasavi Association (NRIVA)** is a social and cultural non-profit organization for all Vasavi followers (Vasavites) across the globe. Since its founding in 2007, NRIVA has strived to connect Vasavites worldwide while providing opportunities for its community members to serve others. NRIVA's participation includes members from a vast cross-section of the society comprised of intellectuals, professionals, business leaders, entrepreneurs, community leaders, etc., from all over the world. NRIVA's motto is 'Connecting to serve.'

Our Mission is to preserve and promote culture while serving others. Our organization stands on the three principles of "Dharma: Seelam: Ahimsa" in Sanskrit which means "Duty: Integrity: Non-Violence." We believe our primary moral duty is to serve the underprivileged with integrity and spread the message of non-violence. That service mindset is foundational to everything that an organization engages and supports. To detail it further, NRIVA strives to educate its members and community through various educational and training opportunities and service opportunities that many find enlightening and educating to understand the needs of those less privileged and so on.

Our Flagship programs are:

- Adopt A Student
- Adopt A Parent
- Adopt A Village

Adopt A Student is one of the earliest programs; NRIVA's Adopt-A-Student program helps students with financial support from all over the world. NRIVA members adopt needy students through this program and help them throughout their chosen educational path. In addition, many donors chose to mentor those students as they strengthened those personal connections. As a result, there are countless success stories of students who have become successful professionals and support their own families and communities. NRIVA is very proud of this program's success and thankful to its members for their support.

Adopt-A-Parent and Adopt-A-Village programs are focused on helping and enabling those individuals and communities in need.

As an organization, we are dynamic and agile. We adapt and respond to needs as they arise. For example, in 2020 and 2021, due to the global pandemic, NRIVA has been able to find ways to assist our members, their families, and the larger community in various forms such as financial support, food donations, medical supplies, volunteer support, PPE equipment. We are humbled to report that NRIVA members have made a meaningful and lasting impact on so many families and their livelihoods as we navigate through this pandemic.

NRIVA service (seva) team conducts various programs with the sole purpose of helping others through creating service opportunities our members can participate and support. One such program is NRIVA's successful partnership with "Rise Against Hunger® (RAH)" for the past three years and counting. NRIVA is proud to partner with RAH alongside corporate behemoths like United Airlines®, Apple®, and Pfizer®, and we support various food banks as needed in the United States. In addition, we partnered with organizations such as "Feeding America" to serve communities in the United States.

Our organization continuously promotes the culture, arts, various youth empowerment programs. Our Cultural outreach includes educational sessions, webinars, Global Conventions to bring all members together, Music and Arts. In the area of empowerment, one of our programs is called NBaT – NRIVA Become a Tutor, through which we have our youth volunteers provide tutoring and training sessions for kids in need at no cost. In addition, we have partnered with organizations like YMCA, Detroit Society and working on a partnership with Chicago Public Schools.

Through education, we empower our members and the community. With that knowledge, they can elevate their communities intellectually, professionally, financially, and socially by creating more informed world citizens. To sum up our Mission, our organization strives to connect all Vasavites globally to serve the community and help underprivileged global citizens in education and health while preserving and promoting our culture and values. Our organizational activities will provide them with a lasting connection to their cultural, spiritual, and linguistic roots.

Our goal is to "Educate: Empower: Elevate" our members. All of the organizational programs are possible through our members' generous donations. We are a 100% Volunteer based organization.
